project: jEdit   commit_id:13416   class_name:EditPane.java

```java
// get our internal map of buffer -> CaretInfo since there might
// be current info already
```

Inconsistent comment

Deleted Code
```java
Map<String,CaretInfo> carets = (Map<String,CaretInfo>)
getClientProperty(CARETS);
if (carets == null){
    carets = new HashMap<String， CaretInfo>();
    putClientProperty(CARETS， carets);
}
```

```java
CaretInfo caretInfo = carets.get(buffer.getPath());
if (caretInfo == null){
    caretInfo = new CaretInfo();
}
```
